SHIP 2023 - 2024

2

2023 – 2024 SHIP Overview

- FY 23 grant period
 - **June 1, 2023 to May 31, 2024**
- Funds hospitals are eligible to receive **\$11,938.95**
- Funds must be spent on qualifying purchases during grant period

3

2023-2024 SHIP Milestones

Milestone 1:

- Submission and approval of mid-year expense and activity report
- Due **December 31, 2023**
- Payment Amount **\$2,469.95**

Milestone 2:

- Submission and approval of end-of-year SHIP expense and activity report
- **Due June 30, 2024**
- Payment Amount **\$2,469.00**

Milestone 3:

- Data submission requirements met for Q4/2022 through Q3/2023
- Maximum Amount Available **\$7,000.00**

Grant Period: June 1, 2023 to May 31, 2024

Total Award: \$11,938.95

OP-18	Median time from ED Arrival to ED Departure for Discharged ED Patients	HQR via Outpatient CART/Vendor	May 1, 2023	August 1, 2023	November 1, 2023	February 1, 2024
OP-22	Patient left without being seen	HQR via HARP Log In	May 15, 2023 (Aggregate based on full calendar year 2022)			
HCP/IMM-3	Influenza vaccination coverage among health care personnel	National Healthcare Safety Network	May 15, 2023 (Aggregate based on Q4 2022/Q1 2023)			
EDTC	Emergency Department Transfer Communication	QHI	Submit each month by the end of the following month			
HCAHPS	Hospital Consumer Assessments of Healthcare Providers and Systems	HQR via Vendor	April 5, 2023	July 5, 2023	October 4, 2023	January 3, 2024
Antibiotic Stewardship	CDC NHSN Annual Facility Survey	National Healthcare Safety Network	March 1, 2024 (Survey year 2023)			
Quality Program Assessment	National CAH Quality Inventory and Assessment	Healthworks	December 1, 2023			

* The Federal Office of Rural Health currently has new MBQIP requirements under consideration. If it is possible, additional items will be added. We will share more information as it becomes available.

Updated November 2023

5

2023-2024 Funding Priorities

The Federal Office of Rural Health Policy has identified the following two priorities for using SHIP funds:

- Meeting MBQIP Requirements (includes HCAHPS)
- ICD-11 Coding Readiness and/or Implementation

Once these priorities have been met, your hospital may select other activities listed on the SHIP Purchasing Menu

6

SHIP Purchasing Menu

- **MBQIP** data collection process/related training or software (includes HCAHPS)
- Provider based clinic-based (Rural Health Clinic) quality measures education
- Alternative payment model and quality payment program training/education
- Computerized provider order entry implementation and/or training
- Pharmacy services training, hardware/software, and machines
- Population health or disease registry training and/or software/hardware
- Social determinants of health screening software/training
- Systems performance training in support of ACO or shared savings related initiatives
- Telehealth and mobile health hardware and/software (not telecommunications)
- Community paramedicine training and hardware/software
- Health information technology training for value and ACOs including training, software and risk assessments for cybersecurity

7

SHIP Purchasing Menu

- ICD-11 software/training
- S-10 Cost Reporting training (charity care)
- Pricing transparency training (chargemaster training)
- Efficiency or quality improvement training – no projects
 - Patient experience of care
 - Patient safety
 - Immunizations
 - Reducing readmissions, reducing readmission disparities
 - Antibiotic stewardship
 - Discharge planning
 - Hospital safety and emergency preparedness
 - Lean, IHI Plan/Do/Study/Act, root cause analysis
 - Team STEPPS
 - Care coordination
 - Health information exchange
 - Swing bed utilization and quality measures
 - Population health, social determinants of health
 - Medicare spending per beneficiary
 - Financial and operational improvements
 - 340B
- Efficiency or quality improvement software
 - Medicare spending per beneficiary
 - Non-clinical operations
 - Health information exchange
 - Swing bed utilization and quality measures
 - Care coordination
 - Population health
 - Social determinants of health

Kansas FAQs for FY23 SHIP - www.krhop.net

SHIP

The Kansas Small Hospital Improvement Program is a federal-supported program to support small rural hospitals activities related to quality improvement and investments towards meaningful use of health information technology.

The Kansas SHIP is managed by the by the State Office of Rural Health within the Bureau of Community Health Systems at the Kansas Department of Health and Environment. KDHE has contracted with Healthworks to administer this program. The SHIP is funded by the Federal Office of Rural Health Policy in the Health Resources and Services Administration.

Kansas Questions and Answers for SHIP FY23

Topic	Question	Answer
7 e-learning platforms for training	Can we use SHIP grant funds for Care Learning or Health Stream employee training for safety, quality, risk, emergency preparedness?	Subscriptions to ongoing or on-demand training (at-will training) are unallowable expenses. Subscriptions that "happen to include" a SHIP-approved expenditure should be avoided.
8 HCAHPS	How do we use grant funds for HCAHPS?	In order for SHIP grant funds to be used, the dates of service have to fall within the SHIP grant period, not the billed date. Also, only HCAHPS can be used for this grant - no emergency department or clinic surveys can be paid.
9 Pharmacy Services	Can we pay for the services of the pharmacist/telepharmacy contract with grant funds?	The cost of personnel, medications, medication delivery, refilling pre-packaged medication, or assistants for direct patient care are unallowable. Training, hardware, and software that support the application and implementation of remote pharmacy (telepharmacy) services are allowable.
10 Physical Plant and Fire Safety Mock Survey	A company called Patton can provide mock surveys and reports on CMS physical environment and fire safety surveys. They provide training and education on survey preparedness. Would this qualify as a hospital safety and emergency preparedness event? The expense would start at \$3,350 a day.	No - this would not be an allowable expense. "Patient healthcare safety, security, and equipment that aids in treating a patient may also increase patient safety. The three are not the same, and direct patient care and hospital security measures are unallowable even if those measures increase patient safety measurements."

28

OP Reporting Demographic Changes

Section 2 - Alphabetical Data Element List and Data Dictionary

Impacts: Alphabetical Data Dictionary

Rationale: Three data elements (*Sex Assigned at Birth, Sexual Orientation, and Gender Identity*) are being updated or added in order to bring CMS closer to alignment with best practices and the United States Core Data for Interoperability without requiring additional data collection. The *Sex assigned at Birth* element [will be/is] required, while the *Gender Identity* and *Sexual Orientation* elements are voluntary. **This update is effective beginning with July 1, 2024 encounters.** See Data Dictionary for the data element details.

Description of Change(s):

Add: new data elements:

Gender Identity

Sexual Orientation

Change: Sex data element to:

Sex Assigned at Birth

Section 5 - Hospital Outpatient Quality Measure Data Transmission

Impacts: Hospital Outpatient Clinical Data File Layout

Rationale: This update is to include an additional Hospital Outpatient Clinical Data File Layout to accommodate changes effective with July 1, 2024, through December 31, 2024 encounters (Q3 - Q4 2024).

Description of Change(s):

Add: Hospital Outpatient Clinical Data File Layout (Q3 - Q4 2024 reporting period)

Section 6 - Tools and Resources

Impacts: OP-29: Appropriate Follow-up Interval for Normal Colonoscopy in Average Risk Patients

OP-29 Tool

OP-29 Algorithm

OP-29 Denominator Codes

Hospital OQR Specifications Manual

Encounter dates **01-01-24 (1Q24)** through **12-31-24 (4Q24)** v17.0a

CPT® only copyright 2023 American Medical Association. All rights reserved.

5

29

OP Reporting Demographic Changes

- The [Hospital Outpatient Quality Reporting Program specifications](#) includes a change in Sex data elements that will impact future OP-18 data submission. The Sex data element will be replaced by the Sex Assigned at Birth data element beginning with **July 1, 2024, encounters**. This will impact OP-18 data abstractions. The Sex data element will continue to be used for abstractions for encounter dates up to June 30, 2024.
- The numeric allowable values will be changed for encounters beginning July 1, 2024. This will impact your February 1, 2025, data submission which will need to contain this change from the Sex data element to the Sex Assigned at Birth data element. You will continue to report the Sex data elements for OP-18 for the August 1, 2024, data submission (Q1 2024 encounters) and the November 1, 2024 data submission (Q2 2024 encounters). For CART users you will continue to report as you have using version CART version 1.24.0 until further notice.

30

OP Reporting Demographic Changes

- What can hospitals do to prepare for this change?
- Inform EMR vendors and IT teams of this change beginning with July 1, 2024, encounters. It is important to align data elements with these changes for ease of abstraction of these encounters for the February 1, 2025, submission.
- CART users can continue using CART version 1.24.0 for submissions of Q1 2024 encounters and Q2 2024 encounters. The RQITA team anticipates a new version of CART will be released for encounters starting July 1, 2024, to use for submission due February 1, 2025.
- Connect with hospital leadership and clinical teams to ensure this information is captured for patient encounters starting July 1, 2024.
- Review the measure specifications. Page 2-48 of the [Hospital Outpatient Measure Specifications](#) version 17.0a contains detailed information regarding the changes.
- Sign up for the CART listserv to be the first to know about changes <https://qualitynet.cms.gov/listserv-signup>.

31

EDTC Reporting Deadlines

2Q24 Submissions due August 1, 2024

- April 2024
- May 2024
- June 2024

KS Report is due to FORHP by August 10, 2024

32

IP Reporting Deadlines

NO Abstracted IP Measures

33

NEW Kansas to FORHP Reporting Change

- The Federal Office of Rural Health Policy has announced a change to the Kansas annual report
- Every MISSED reporting deadline will have to be 'explained' for each facility
 - If 3Q24 OP-18 is 'N/A' – instead of just Susan R reaching out to ensure a process is in place to avoid missing future deadlines, Kansas will have to 'dig deeper' and report to FORHP what happened that contributed to the omission
 - More details to come

34

FMT MBQIP Reports

- EDTC
- IP/OP Core Measure
- HCAHPS
- Waiting for all three reports to 'update' so we can send these out to the data and quality contacts
- Last sent out in early April
- For assistance reading reports, view the QCC recording from May 2023
